PROJECTS

Bike Rentals App
- The bike rental app streamlines bike booking, reservation, and rental. The user-friendly interface improves the user experience, making renting a bike more enjoyable.
- **Built with:** (Reactjs, HTML, CSS, and Ruby on Rails)
Leaderboard-API
-The website showcases scores from diverse players and provides an option to submit your score. The external Leaderboard API service ensures data preservation.
- **Built with** (HTML, CSS, JavaScript, git, & GitHub)
Fastdevz conference
-This is my inaugural capstone project, which involves creating a website that showcases event information for a company named Fastdevz, which hosts itself. preservation.
- **Built with:** (HTML, CSS, JavaScript, git, & GitHub)
